

# STEPHANIE CAMBRIA

## JUNIOR FULL- STACK WEB DEVELOPER

### / ALL ABOUT ME

I am a painter, illustrator, and graphic designer turned web developer. For me, web development has become a creative outlet, but also a practical way to marry my artistic skills with the ever-growing technological world.

### / EDUCATION HISTORY

#### >> University of New Hampshire

Full-Stack Web Development Bootcamp | Currently enrolled

> Built a multitude of front-end applications from scratch, while prioritizing clean design and functionality.

> Learned the essentials to back-end web development, including how to build and utilize databases and servers.

> Worked with a team of classmates to develop personal full-stack application projects that solve real-world problems, often taking on a leadership role.

> Utilized several different APIs and component libraries to optimize coding and site efficiency.

> Took advantage of artist background to create simple but polished user interfaces on all projects.

#### >> Montserrat College of Art

Bachelors of Fine Art, Illustration | Class of 2016

> Learned the fundamentals of color, composition, and light, as well as overall design philosophy, marketing, and advertising skills.

> Planned and held personal exhibitions with classmates.
